

## ***Finally there's an audit you want to have!***

Optimum Assurance Group provides independent and objective analysis of franchisee operations to ensure the franchisor's interests are protected. We also strive to provide added value to the franchisee by assisting with localised controls designed to improve their own operations.

### **Services Include:**

- Sales/royalty, rebate verification
- Compliance audits
- Enterprise wide Risk Management
- Financial audits of corporate functions - accounts payable, payroll, distribution
- Operational and financial controls
- Data analytics
- Operational and financial control training for franchisees
- Fraud investigations
- Detailed process reviews
